of New Members

## RULE OUT MANY VOTES

Election Official Holds Only  
Registered Elector Is Al-  
lowed to Vote

## AFTER OBERHOLTZER'S JOB

Superintendent Center of Row  
Between Factions; Pamph-  
let Assails 2 Members

Records for the number of votes cast in school board elections doubtless will be shattered Tuesday, when three members of the board are to be selected. At no time in Tulsa's history has interest in school affairs been so evident as it is in this section, and many persons believe the voting will be almost as heavy as it is in contests involving city officials.

## Charges on Two Broadcast

Small printed folders containing accusations against Dr. J. M. Temple and George MacCurdy, who are seeking re-election, were placed in every home and business house in the city Saturday. These charges are made by Alva Niles, J. Burr Gibson, J. M. Berry, Ralph Talbot, R. P. Brewer, Charles B. Peters, J. W. Woodford, Lee Clinton, J. W. Robb, E. P. Harwell, A. L. Farnham, A. G. Hegren, N. R. Graham, L. E. Abbott and E. A. Rose, and are accompanied by a plea to voters to help defeat Temple and MacCurdy.

## Oberholzer Center of Fight

It is apparent that the fight has centered on Superintendent of Schools E. Oberholzer. The faction which issued the folder distributed Friday favors Oberholzer. The list of printed names contains those of the members of the Chamber of Commerce committee which exonerated the superintendent of charges made against him by a group of principals. Oberholzer has been given a clean bill of health by organizations other than the Chamber of Commerce, it is noted there is a faction conducting a strenuous fight against him, intending to use the school board as an instrument for carrying out its purpose of assuring his dismissal from Tulsa schools.

## Quotes From State Law

Quoting sections from the state election law, he said: "The word 'electors' as used in this act is hereby declared to mean every general, primary, regular or special election held in this state or district or precinct, school district or election of the people of this state or any municipality or subdivision of the state."

## Bond Issue Up Too

In connection with the election to name three members of the board of education, an issue to vote \$275,000 in bonds with which to complete improvements in the school system.

## HAILSTORM AT SAN ANTONIO

Six inches of ice pellets descend near Southern City, ruining crops. SAN ANTONIO, May 13.—Four to six inches of hail which fell late today near Abilene, 40 miles north of here in Comal county, completely destroyed crops in that community.

## Okmulgee to Have New Club Manager

AUGUSTA, Ga., May 13.—Troy Agnew, catcher, has bought his release from the Augusta club of the Southern Atlantic association and has left for Okmulgee, Okla., where he will manage that city in the Western association.

Woolwine's Ex-Secretary  
Makes Immorality Charge;  
'Plot', Attorney Counters

LOS ANGELES, May 13.—Revealing that Ida Wright Jones formerly an investigator in his office, has made an affidavit charging that he and she were intimate, District Attorney Thomas Lee Woolwine today sent a letter to the county civil service commission, explaining his dismissal of Miss Jones as an employee of the district attorney's office several days ago.

Woolwine charged that Miss Jones plotted to ruin him personally and politically and asserted that she had sought to sell her affidavit to political enemies of his for \$10,000.

The letter sent by Woolwine to the civil service commission revealed one of the most astonishing cases that ever has shaken official life in this city. Miss Jones, who is 44 years old, was dismissed by Woolwine May 2, but it was not until today that it became generally known she had claimed Woolwine was more than a friend to her.

After Woolwine sent his letter, it was ascertained that Miss Jones' affidavit contained charges had been given by her to the law firm of Paul W. Schenck and Richard Kittrell.

In this affidavit Miss Jones named numerous occasions, when, she alleged, she met Woolwine in hotels and apartment houses. The affidavit also alleged that Woolwine paid for an operation which was performed upon her less than a year ago.

Attorneys Schenck and Kittrell, in a message to District Attorney Woolwine, stated that they would take no action against him on Miss Jones' affidavit.

10-STORY BUILDING  
4TH AND BOULDER

J. M. Gillette Announces Plans for \$380,000 Office Structure

Commerce Building, East 3rd, to Be Seven Stories Instead of Five

Tulsa's skyline will have another addition this year—that of a 10-story office building of up-to-date type to be erected by J. M. Gillette, of the Gillette Insurance Co., and one of the leading business men, letters and associates. At the corner of Fourth and Boulder, the cost will be \$380,000 and construction will commence as soon as plans and specifications are completed by the architect, Van Sicken and Edelvard, and other details attended to, which will probably be within 30 days.

## Structure Fireproof

On a lot 75 by 100, the structure—fireproof, of steel and reinforced concrete as to framework, and of terra cotta and brick as to material and trimmings—will rise. A safe and high speed elevator system will be installed. Arrangement of the ground floor has not been decided upon.

This will not be the first local building for which Gillette is responsible, as he built the Gillette building on East Third, later selling it.

A large out-of-town building upon which the architects, W. D. Van Sicken and G. A. Edelvard, are employed is a 205-room hotel to be erected at Topeka, Kan., by Burr Harmonson at a cost of \$400,000.

## Add Two Stories

The new National Bank of Commerce building, now under construction by the National Bank of Commerce, so constructed that two more stories could be added at any time. Later decision was for the erection now of the completed seven-story building.

## BANDITS ROB TWICE

Three Youths Steal Car and Hijack Grocery, Police Think—Get \$500 in Robbery.

The H. C. Graham grocery, 156 North Union, was robbed on one o'clock last night by three unmasked youths, who the police believe had an hour earlier stolen a Chandler automobile from the downtown streets. However, the two robberies were reported at different times, the hijacking being reported first.

Two unmasked youths entered the store, armed with revolvers, just as he was preparing to close. However, he told the police. One of the youths kept Graham at bay while the other ransacked the cash register. After taking \$50 and his watch, Graham said, the two hijackers backed out the door and ran to a Chandler car parked in front of the store. Another youth, apparently of about the same build as the other two, was seen running toward the school of the car. The auto drove off as the two youths hopped in, Graham said.

A few minutes after 9:30 o'clock G. O. Hollow, 1307 East Nineteenth street, reported that thieves had stolen his blue Chandler, which was parked in the business district, some time between 8 o'clock and 9:30 o'clock. The car was taken, Hollow said, while he and his family were at a show.

## Okmulgee to Have New Club Manager

AUGUSTA, Ga., May 13.—Troy Agnew, catcher, has bought his release from the Augusta club of the Southern Atlantic association and has left for Okmulgee, Okla., where he will manage that city in the Western association.

OWEN'S SCHEMES  
FAIL TO SPROUT  
POLITICAL FRUIT

Elimination Process of Business Candidate Complete Fizzle

## HASKELL MAY BE 'USED'

Gore Also Reported to Be Considering Offer to Speak in "Tom's" Interest

## JIM HARRIS MIXES MEDICINE

Sure Republican Will Win But Fails to Name Him; Cobb Sees Fields Often

By CLARK C. HUDSON, World's Capital Correspondent.

OKLAHOMA CITY, May 13.—Out of the milling and looting which has been going on all week among the democratic candidates for governor, nothing has come thus far except the prospect of a statement in the struggle to find a candidate who can get within sight of Mayor Walton. With the decision of Tom Owen's colonels and captains that he should remain in the race awhile longer in an effort to reduce the mayor's lead, and the refusal of Bob Wilson to get out merely for the purpose of putting in a friend of Tom Owen, in place of that worthy himself, it appears that these two combatants have gotten into a clinch.

## But Would Gore Do It?

The announcement from banker Owen's headquarters that he had arranged over long distance to have Thomas Pryor Gore come down from his aeris at Washington and make a few speeches for him has opened up another phase of the situation. "There is doubt that Gore would comply with this request even though the terms might be attractive, for it is not believed that the former senator would willingly renounce politics himself and such an act would be about as clear a case of political harikari as could be conceived. If Gore consents to be employed for this purpose it may safely be taken as an indication that he was sincere when he announced more than a year ago that he was without further political ambition."

## Gray Signed Petition

W. H. Gray, president of the Independent Producers of Tulsa, Okla., signed the petition and advised Senator La Follette that the association had authorized a committee of oil experts to assist in the petitioning of the legislature. The petition, it was said, was drafted at a recent meeting at Tulsa of the association's directors. The petition would be presented to the legislature against the policy of the secretary of the interior and the secretary of the navy "in opening the naval reserves at this time for exploitation by the oil industry."

## No Emergency, Claim

"There exists no emergency or necessity which would warrant the opening of the naval reserves, there being already above ground and in storage the greatest amount of oil that has been in storage in the history of all times," the petition continued.

"The turning over of government lands to large pipeline interests for exploitation would be the direct result of depressing the price of crude oil without in any way relieving the people of the burdensome high prices of refined products."

The claim of banker Owen that he has also enlisted former Governor Haskell in his behalf to the extent of a few speeches is also to be taken "cum grano salis." It has not been the custom in Oklahoma for former governors and former senators to assume the prerogative of dictator in the matter of whom the people shall select for their public servants, and such a policy would be about as popular now as the advent of a polecat into the parlor.

Haskell Interested, Anyhow. It has repeatedly been stated in these columns that the late Governor Tom Owen boom for governor grew out of the fact that he was a native Oklahoman.

## SO MANY SAILS AWAY

Miss Culbertson's Trip Planned Months Ago, Says Statement—Too Much Robertson May Be Cause.

WASHINGTON, May 13.—Senator and Mrs. Culbertson of Texas announced in a statement tonight that their daughter, Mary, sailed for New York today for a tour of Europe. The attentions of Alexander E. Robertson, a British war veteran, toward Miss Culbertson recently attracted attention because of his charges of a plot to kidnap him which were considered by the British embassy.

The statement said: "Miss Mary Culbertson, daughter of Senator and Mrs. Charles A. Culbertson, has been at home with her parents since her return from Texas, sailed from New York today for a tour of Europe, in pursuance of plans made several months ago."

The invention which separates all static noises from the radio signal has been perfected by Maj. J. O. Maudslowe, signal officer, of the sixth corps area and Dr. Louis Cohen of George Washington university, consulting engineer of the war department, more than two years of experimentation.

## ANOTHER RADIO MARVEL

Invention of Naval Man Eliminates Buzzing in Radio Signaling.

CHICAGO, May 13.—Elimination of the annoying and distracting sound of buzzing and humming accompanying radio signals which have proved one of the greatest obstacles in the development of that science has been accomplished by United States experts, it was announced here today.

The invention which separates all static noises from the radio signal has been perfected by Maj. J. O. Maudslowe, signal officer, of the sixth corps area and Dr. Louis Cohen of George Washington university, consulting engineer of the war department, more than two years of experimentation.

## KISSES HIS WIFE'S FOOT

But Constantine Yodas Did It in Chicago Court at Order of Judge.

CHICAGO, May 13.—After an attorney had asserted that the defendant, Constantine Yodas, charged with beating his wife, "was not fit to kiss his wife's foot," Judge Haas in police court today disagreed.

"I think he is fit to kiss his wife's foot," the judge said, "and I so order."

Yodas looked wildly about, slowly got down to his knees and smacked his wife's foot twice.

## THE WEATHER

TULSA, May 13.—Maximum 54, minimum 33, north wind, clear, precipitation none.

OKLAHOMA—Runny fair, warmer.

KANSAS—Generally fair Sunday and Monday; not much change in temperature.

## This Is HER Day—Observe It

ALL PAY HOMAGE  
TO MOTHER TODAY

Pink Flowers to Be Worn for the Living, White for the Dead

## ORIGIN OF THE 'DAY'

Observance Started Long Ago in England With 'Mothering Sunday' in Lent

A long time ago, in England, youths and maidens who were away from home used to tuck a little present of some kind under their arms on the morning of mid-Sunday in Lent and go to pay their mothers a visit. They were going, they said, "a-mothering."

And in time that particular Sunday came to be known as Mothering Sunday.

Everybody in Tulsa is going a-mothering today. Not all of them who will make the pilgrimage will be youths and maidens and not all of them will be able to actually look upon the face of the mother nor touch her hand. But in spirit they will make the journey to the place where she is. And that the world may know that they revere all mothers, the expression of individual love of child for mother is the basic idea of Mothers' day, observance of the newest and most beautiful of American national days has come to be a universal and general tribute to all mothers everywhere. Tulsa as a whole, though its individual expression of filial remembrance, will join with thousands of other cities all over the United States in honoring American motherhood.

The idea of Mother's day antedates Christianity. This is no way detracts from the meaning of love for mother into national tribute to her, as an American custom. But in Asia Minor, long before Christ, festival days honoring Cybele or Rhea, the great mother of the gods were celebrated. When the custom became prevalent in Greece and Rome it was known there as the day of "the mother of gods," and with the advent of Christianity was transformed into a festival day dedicated to the mother church. It was from this the quaint English custom of "going a-mothering" finally came.

So today, everybody is remembering mother. Some will call her over the long distance telephone. Some will send her telegrams. Some will send her flowers. Others have written her a special letter. The more fortunate ones will be able to pay her a visit. Those to whom mother is but a cherished and grateful memory will turn in their thoughts to the spirit of her who has gone on.

But in the minds and hearts of all of them will be the mothering picture of yesterday; they will feel the touch of gentle mothering hands, hear the sound of the beloved mother's voice and see the mothering eyes that saw deep into the sorrow and joys of childhood.

## BLANTON DEFENDS HARDING 'RESTS' RECORD IN HOUSE WITH GOLF CLUB

He Delivers Address That Lasts Over an Hour to Dallas Crowd

President Spending Most of Short Vacation on the Links

DALLAS, May 13.—His record in congress for the last several months, during which he has been the center of some stormy scenes, was the theme of an address of more than an hour's duration this afternoon in the auditorium of the city hall by Representative Thomas L. Blanton of the Seventeenth congressional district.

Mr. Blanton repeated in detail his charges of alleged petty graft among county republicans, and scored members of the Texas delegation in answer to a senatorial question.

Senator Frelinghuysen of this state, who is also a guest of Senator Blanton, returned to the links for another round of golf.

COBB SHOT DOWN  
WHILE HE BEGGED  
'OH, DON'T SHOOT!'

Slain While on His Back Pleading for Mercy, Witnesses Say

## 'TOOK CAREFUL AIM'

Earl Gordon Leveled Revolver at Victim's Head for Full Minute Before Firing

## HE'S CALM DURING HEARING

Girl-Widow, With Funds Secured by Friends of Both Men, Goes Home Today

Special to The World.

STILLWATER, May 13.—"Oh, Buddy, don't shoot!" Those were Beckham Cobb's last words, uttered in appeal to Earl Gordon, fellow student at A. & M. college, while Cobb was on his back at the point of Gordon who liberally leveled his gun at the head of the prostrate man for a full minute before firing the first of four fatal shots, according to testimony introduced at the preliminary hearing here today.

The shooting occurred Tuesday afternoon on a street in a residence section of Stillwater.

Cobb Attempted No Defense. Two witnesses said that Gordon fired on Cobb while Cobb lay on his back on the ground with his hands raised for protection. Two others said he was shot while in a crouching or stooping position. No one testified to seeing Cobb attempt to draw his gun.

Gordon was held without bail for trial in the district court of Pottawatomie county on the charge of murder. His attorneys announced that they will attempt to secure a writ of habeas corpus in order to have him released on bond.

During the two-hour hearing the state called five witnesses, four of whom were shooting and the undertaker who examined the body of Cobb. The defense did not call a witness.

Mrs. Cobb Not There. Mrs. Beattie Sue Cobb, the widow, did not take the stand or appear in the court room although she was in the building. The crowd which jammed the room had expected to hear her testify and was disappointed.

Between mere womanhood and motherhood there is as great a distance as separates bud from flower, ambition from realization, practice from purpose. Woman is great and glorious only as she awakens the best there is in man, giving promise of her ultimate sacrificial devotion upon the altar of Deity's purpose.

Woman in the forum may be wonderful; but in the home, beside the cradle, she is glorious! And at eventide, when the hearts and minds of those she gave being, turn in fond recollections to the hours of childhood and her tender ministrations, she appears a sanctified being. In the arts, the professions, in counting room and market place, she may, and often does, maintain her parity with the best of mankind challenging unstinted admiration and praise from her critics. But it is only when yielding to her divine office, either in the home or 'midst the curse of war, that she rises to the sublime heights where the angels of men's nature kneel and worship her as the hand-maiden of Deity.

Think of her today. If she be living, give her testimony of your fealty. If she be dead, consecrate the moment's fleeting recollection of her angelic service to you by a tender, gracious deed to "somebody's mother."

To the mothers of men wherever they are today, may the gracious care of Him who shares with them alone the divine office of immortality tenderly guard, guide and protect them forever and forever!
